Because of the fascial system's continuous, uninterrupted nature, a fascial pull or restriction in one area of the body can likely influence other areas distant to the site of injury or pain. Used with permission from RSI/John F. Barnes, PT

5-CONSECUTIVE DAY INTENSIVE

A Comprehensive Therapeutic Program

with Sarah K. Borda, LMT, Board Certified in Therapeutic Massage and Bodywork

This week-long program (*five consecutive days*) is specifically designed to overcome chronic pain and mobility issues. The three key elements are **Evaluation & Education, Therapy, and Self-Treatment Instruction**. *An opportunity for a real breakthrough!*

- Program includes three treatments per day spread over five consecutive days, for a total of 15 one-hour sessions.
- Cost: \$2,625 (15 one-hour sessions @ \$175) plus 6.625% NJ sales tax. *Payment is due at time of booking and is non refundable.*

Each day includes:

• Evaluation & Education

- Visual assessment of gravitational pull on osseous (bony) structures
- Hands-on full body assessment of Myofascial connective tissue restrictions
- Education about the Fascial System and how it affects all systems in the body, producing symptoms and disease.

• Therapy

- One-on-one, individually designed hands-on treatment sessions using Myofascial Release techniques and MFR stretching
- At least one myofascial "unwinding" session (to alter habitual muscular responses, accelerating your body's inherent self-correcting mechanism)

• Self-Treatment Instruction

- A Personalized Myofascial Self Treatment Plan is taught and demonstrated so that you can continue on with your treatment success after returning home. Simple tools such as a small ball and/or foam roller enable you to reproduce the techniques that were helpful to healing and give you a sense of empowerment over discomfort.

Sarah K. Borda, LMT, BCTMB has been successfully treating clients with chronic pain for more than ten years.
